

Burglars Obtain \$2400 At Residence

Other Area Break-Ins Being Investigated; 7 Questioned On Thefts

A tavern operator lost \$2400 in burglary of his home, and several other large sums were netted as burglars moved into local cities and the surrounding area during the weekend.

A tavern, club and homes also were looted, and there were other theft reports, but Madison police made headway in solving two earlier thefts. Cash totaling \$2400 and two 38-caliber snub-nose revolvers were obtained Friday by a daylight burglar from the home of Wardell Young, 53, of 702 West Madison street, Madison, operator of the Young's Lounge tavern, 800 Jackson street.

Young related to Madison police that he went home to sleep and the burglar apparently took place while he was sleeping between 9:30 a.m. and 4:30 p.m. Friday. Entrance was gained by opening a rear window.

All of the money had been in Young's trousers—\$2000 in \$10 and \$20 bills in the right back pocket, \$300 in \$20 bills in a wallet in the left back pocket and \$100 in \$1 and \$5 bills in the right front pocket. Indicating a slight bit of generosity, the intruder left Young's pants after emptying them of the currency.

House Burglarized

Burglars entered the home of Virgil Taylor, 2249 Pontoon road, between Friday evening and Sunday afternoon and stole jewelry, cash and other items. Entry was gained by prying a back door. An unknown amount of U. S. savings bonds is missing and \$156 in cash.

Also missing are two pairs of floor glasses, four wristwatches, a pocket watch, two men's rings, two folding cameras and a 38-caliber revolver. The cash consisted of eight silver dollars, \$135 in other silver, \$11 in pennies and two \$1 bills. William Holek, 2583 Rock road, reported Friday that his house was broken into between 7 a.m. and 9:30 p.m. that day. Entry was gained by loosening a screen on a window.

The house was ransacked and several articles were broken. Nothing was reported missing, however. Two boys were seen near the house about noon.

Moose Club Burglarized

Theft of at least \$970 from the Moose club, 1900 N. 1st street, was discovered Thursday afternoon. The money was stolen some time after 10 p.m. that day, that day, police said. Entry was gained with a key and the combination was used to open the safe.

Three cash boxes were removed. Two contained \$910, and the third had an unknown amount of cash, the proceeds of coin machine collections. Also missing was \$90 from a Christmas donation jar on the bar.

The downstairs door to the club was unlocked but an upstairs door to the clubrooms was closed.

Investigative Staff Proposed For County Sheriff's Office

A staff to investigate crimes—an assignment now combined with service of subpoenas—is among the plans of Barney Fraundorf, Madison police chief, if he is elected sheriff of Madison county this fall. He is the Democratic nominee and William S. Straube, former Edwardsville mayor, is the Republican candidate.

Fraundorf, who also would conduct an intensive training program and expand the present records section, told the Press-Record today that he would attempt to process cases in a manner similar to that which has won grand jury praise for his police department.

While the separate investigative staff might appear to be a logical unit for inclusion in the sheriff's staff, it has never been set up during the county's 150-year history, or at least as far back as county officials can recall.

Three-Man Team
Chief Fraundorf, who would plan a full day's work himself, would team with possibly two deputies in an effort to achieve a high percentage of successful solutions in the unincorporated area.

He would remain in the county virtually all the time so that he would be available to direct all types of investigations on short notice, he said in relating his plans.

Under present procedures, a deputy divides his time between serving of papers, for which he receives nothing in addition to his basic wages. Thus, there has been a financial incentive to serve as many subpoenas as possible, leaving less time for actual police work.

Pattern For Future
Conceding that economy has become of paramount importance in county governmental decisions, Fraundorf believes that a basic program can be set up which will not detract from the sheriff's enforcement in 1962-66, but also after 1966, since the pattern would be established.

Applauding County Board
Members for their recognition of the need for an effective sheriff's office, the candidates said he does not plan to go to them with plans for increased spending. He does plan close cooperation with them and regular progress reports on steps which have been taken, however.

Regular distribution of information to municipal police departments would be carried out. When criminals move into Madison county or there are other facts which would be of interest to the police, they would be notified immediately.

Frequent contact with police chiefs also is a part of the candidate's plan, he said. However, he sees a need for coordination and teamwork, and recalls that one sheriff in office a few years ago "came to see me only twice in the four years, and both times he wanted to talk politics."

Detailed training courses for sheriff's staff members, also available to any police wishing to attend, would be set up in cooperation with state and federal authorities. Traffic tickets would be used, so those arrested would not go to Edwardsville to post bond.

Fewer Jail Residents
Steps would be taken to bring about improved conditions at the county jail, partly by reducing the number of prisoners kept there. Noting that there are no recreational or athletic facilities, Fraundorf says prisoners to be kept for long periods, such as 90 days, ought to be held instead at the Vandalia state penal farm or elsewhere.

The chief also would exert the full force of the office toward shortening the time spent by suspects awaiting initial hearings.

New Venice City Budget Adopted At Busy Meet

Council Also Approves Street Project Bid, Mayor's Appointments

Approval of a record \$486,994 appropriation ordinance for 1962-63 highlighted a busy session of the Venice city council Friday night.

Other action included appointments, approval of a \$10,000 estimate of contract, purchase of two new police cars and council recommendations on enforcement of the city curfew.

The council's final adoption of the city budget came without discussion, as the ordinance approved was unchanged from that tentatively authorized July 13.

In conjunction with the budget, the council approved a \$33 monthly pay increase for city employees, retroactive to May 1.

Order Second New Auto
Mayor John E. Lee told the council that a new Chevrolet police car with trade-in offered by Mathews Chevrolet Co. is valid only if two autos are purchased. The council had authorized purchase of one new car at the July 6 meeting, with the stipulation that the other police car be traded when 1963 models become available.

Mayor Lee said one of the city's 1960 squad cars is in poor condition and needs to be replaced now. He said checks with a number of other dealers showed the Mathews price to be as low as could be expected, and recommended purchase of two new cars now.

The council consented, with purchase to be completed by Police Chief Frank DeWitt and City Comptroller Carl Rydzewski.

Accept Street Bid

On recommendation of Edward Juneau, consulting engineer, the council voted to accept a low bid of \$15,288 submitted by A. H. Seebold Truck Service & Co., East St. Louis, \$19.49.

Mayor Lee said he has received complaints concerning enforcement of the city's curfew law, and asked Chief DeWitt to see that the ordinance is enforced.

The ordinance forbids males under the age of 21 and females under 18 to be on the streets between 10 p.m. and 6 a.m., unless accompanied by parents, sent by parents or working at regular employment.

A \$25 to \$100 fine is provided for violation.

11 P.M. Experiment
Alderman James Miller said he feels the rule is too strict, and some consideration should be given to later weekend hours. Other councilmen agreed, noting that such a change in the ordinance has been discussed in the past.

Mayor Lee suggested a trial ordinance of the group. Simmons didn't hold any meetings for the last two years. I didn't think there was a chance. The city commission should pay \$25 a year for going to belong if they weren't going to meet," Simmons said.

He tried to obtain a secret ballot because we knew it didn't work. Sixty-nine of the 70 votes are on the state payroll, and most are the same people who go against the governor.

Wiezer Will Resign From Council Tonight

GC City, School Budgets This Week

The two largest taxing proposals affecting property taxes in this area are due for consideration this week.

The 1962-63 budget of the city of Granite City is scheduled for final adoption by the city council tonight. Tomorrow night, Granite City school board members will consider their tentative budget for the coming year; final action on the school district appropriation is planned for Tuesday night, Aug. 28.

The proposed city budget—set at \$1,715,715 on first reading—compares with \$1,556,681 spent and \$1,800,649 budgeted in 1961-62. It can be amended prior to adoption tonight, and is expected to be raised above the \$1,715,715 level.

The tentative city appropriation consists of \$230,072 for the street department, \$252,550 for the fire department, \$242,143 for police, \$220,000 for sewer maintenance, \$153,083 for refuse collection, \$96,025 for the library, \$42,000 for the retirement fund, \$30,000 for police pensions, \$30,000 for firemen's pensions, \$26,570 for parking meters, \$24,230 for the inspection department, \$24,050 for the city hall, \$25,000 for improvement of Terrace lane, \$22,000 for lighting, \$22,550 for the legislative department, \$18,000 for fire hydrant rental, \$17,641 for tax collection, \$17,000 for interest and judgments, \$16,359 for finance and accounting, \$15,278 for the executive department, \$15,000 for contingencies, \$13,480 for the magistrate's court, \$12,800 for catching dogs, \$10,610 for the city court, \$10,000 for civil defense, \$7060 for the legal department, \$6000 for the pumping station, \$4832 for a telephone operator, \$4640 for the treasurer, \$4500 for elections and \$3000 for the city planning commission.

Debt, Sanitation Issues
Wiezer said today he believes that economy recommendations of his committee could have eliminated two major issues currently confronting the city.

He believes it would not have been necessary for the city to go into debt to meet regular operating expenses. And he believes the sanitation department could have continued with both improved economy and the basic group of city collection employees.

It was his committee's recommendation that one truck and three of the workers be eliminated instead of all 15.

In addition to his position on the city council, Wiezer is leaving the posts of Precinct Six Democratic committeeman and chairman of the patronage committee of the Granite City Democratic committee.

A committee for four and a quarter years, Wiezer was a director of Granite City Democratic club when it was organized.

He and his wife, the former Lois Gibbs and their son, David, six, and daughter, Lisa, three, are moving from 2015 Delmar street to a new home in Belleville, where he was transferred in February by American Telephone and Telegraph Co. Formerly, he was employed by AT&T for eight and a half years as a transmission engineer.

Police said Asperger was turning left across the street when Fisher was turning right onto McCambridge.

Three Curfew Arrests
Venice police arrested three youths on Weaver street at 10:30 p.m. Sunday for curfew violation. The move is one of the curfew law in effect since last week. They were released pending hearings.

Pashea Has Contract To Operate City Dump

Paid At City's Former Rates By New Collector; Petitions Due Tonight

(Picture on Page 12.)
Continued operation of the city dump by Melvin Pashea, Granite City, an unsuccessful applicant for the Granite City garbage collection contract, is based on an agreement between him and the successful contractor, United Disposal Corp., Pashea disclosed Saturday.

The city's July 1 three-year collection contract with United calls for United to maintain the dump, and Pashea's role there this month has been questioned by several aldermen.

While he no longer is under contract with the city to dispose of garbage, Pashea refused to say how he has done for the past 16½ years during direct collection by the city—Pashea has been paid by United for the same work at the same \$8800-a-year rate, he told the Press-Record.

Meanwhile, added pressure for restoration of 19 city sanitation jobs, eliminated by the private collection contract, will be applied at tonight's 8 o'clock city council meeting. Petitions bearing over 6000 signatures will ask the council to rescind its May 21 collection decision.

Pashea said Saturday he has agreed to finish out with United the last year of a three-year contract he had signed with the city.

No Notice Given
"The city is required to give me 90 days' notice of termination of my contract," Pashea said. "I'm not going to hold them to any payments after July 1," he said.

Word of the United-Pashea agreement is expected to surprise many of the city council members, who have urged leveling and burning of all portions of the dump not used directly for dumping by Granite City residents. They seemed unaware of the sub-contract.

In operating a salvage business at the site, Pashea has placed by Frank Yust, Frances Yust and William T. King, has assigned five one-man trucks to the work handled directly this month by the city sanitation department.

Pashea related familiarity with details of the contract and expressed shock over the disclosure of the situation, adding that he had no knowledge of his children and grandchildren to Teamster Local 525's involvement in the dump, which he had in Granite City Saturday.

Says Could Have Gotten Jobs
The sanitation workers had an opportunity to obtain jobs with United until the final week before the changeover, Pashea said.

Pashea acknowledged that United drivers used his address, 2200 East 24th street, in applying for Illinois chauffeur licenses. He said he agreed to their use of the address because he was a licensed driver, and he did not accept the Rural Route One address as a sufficient reason.

Pashea struck back at criticism of the dump's condition by saying that several city council members. While noting that the city technically now would have to comply with United, he said he maintains at the dump. He has halted the cooking, the hog pens are fed with grain, supplemented by lettuce leaves and watermelon rinds from the garbage.

He explained: "The state does not require cooking of the leaves and rinds, he added.

Although some discarded cans and lumber have salvage value, Pashea handles extensive burning of trees and tree limbs as well as additional charge other than the yearly payment, he said. He estimates that as many as 1000 trees have been cut.

Key United Fund Meetings Planned Today, Thursday

The executive committee of the Tri-Cities United Fund will meet at 4:15 today in the fund office in the Washington Theatre building. The administration and distribution committee has completed its work and will present proposed budgets for the various member agencies. Final work on the various budgets was completed Wednesday, when a meeting was held with the Red Cross chapter. Other agency budgets were drawn up in June.

Cost Estimates
Supt. Harold M. Kaiser, vice-president of the United Fund, will preside at today's meeting.

The executive committee will figure administration and campaign costs and shrinkage estimates, among other business. Committee actions will be referred to the second quarterly board of directors meeting Thursday. The board will meet at 4:30 p.m. at the local YMCA. Approximately 40 persons are expected to attend.

May Set Drive Goal
Biggest job of the directors Thursday will be to set the campaign goal for this year's fund drive to finance next year's United Fund activities.

No date has been set for the drive, but it is expected to begin in October. Last year's goal was \$208,463 of which \$200,315 was raised.

It is expected that this year's goal will be slightly higher than last year's because agency requirements are greater and because of the increased cost of materials and salaries. (John McBride is chairman of this year's drive. The vice-chairman is Ernest A. Karandjoff.)

Open House At Credit Bureau Office Thursday
Open house will be held at the Credit Bureau office of the Associated Retailers and Civic Association, 1900a Delmar avenue, Thursday from 9 a.m. to 5:30 p.m. to enable members to inspect new office equipment placed in operation there this month. The equipment permits "automatic" processing of the bureau's credit files.

Truman In Two Appearances Here Saturday

Gov. Otto Kerner, Sen. Paul Douglas, U.S. Representative Sidney Yates and Melvin Belli and a host of other state, county and city officials, and candidates will assemble at the McKinley bridge office at 2 p.m. Saturday to greet former President Harry S. Truman.

Confirmation was received this week from Independence, Mo., that Truman will appear in person to speak at the Madison county fair and at a Democratic fundraising dinner in Venice, Ill. plane will land in St. Louis at 1:42 p.m.

The legal requirement of naming an acting governor when the governor leaves the state filed out a reception at the airport in St. Louis. Two cars will meet Truman, however, when he flies in from Independence. He then will be escorted to the bridge in Venice to be greeted by the Illinois officials.

Motor Caravan
A motorcade will proceed at 2:15 or 2:30 from Venice to the fair grounds at Lindendale park, Highland, by way of Madison, Granite City and Troy. The motorcade has been timed to arrive at the fair grounds at 2 p.m., address by the former president. Truman has not discussed his topic, and controversy

Democratic spokesmen are speculating it may be a major address. Truman's appearance is expected to draw one of the largest crowds ever to attend the fair.

Prior to Truman's address, the Scott Air Force Base band will perform. A. Austin Lewis will act as master of ceremonies both at the fair grounds and at the dinner in Venice.

Truman will lead a 105th anniversary parade through Troy at 6:30 p.m.

Dinner For 1000
The motorcade will pass through Collinsville on the way back to Venice, where the dinner will be held at 7:30 p.m. Saturday at the American Legion hall. Only 1000 tickets are being offered, and the dinner is expected to be a sellout, with tickets priced at \$50, \$25 and \$10 each.

The dinner is being sponsored jointly by the two county Democratic organizations of Madison and St. Clair counties. Mayor Alvin G. Fields of East St. Louis, state central committeeman, is honorary chairman, along with Mrs. Ida Dant of Madison, state central committeewoman.

Madison county Democratic chairman Walter T. Simmons,

Mayor Leonard R. Davis of Granite City, Mayor Stephen Maeras of Madison, Mrs. Josephine Kraus, chairwoman of the Madison County Democratic party, and Dr. John E. Lee, mayor of Venice, are Madison county co-chairmen of the event. Tickets may be obtained from Circuit Clerk Willard V. Portell, Circuit Assessor Von Dee Cruse and Venice Township Democratic Chairman Christ Costoff.

Daley May Attend
A spokesman handling arrangements for the day's activities said Mayor Richard Daley of Chicago may attend, although confirmation has not been received.

Truman may be accompanied by Missouri dignitaries. Other Illinois Democratic notables who are expected to take part in the day's events include State Treasurer Francis Lorenz; State Sup. of Public Instruction George T. Wilkins; St. Clair County Democratic Chairman Maurice P. Joseph; Joseph Knight, director of the State Department of Financial Institutions; James A. Roman, director of the Department of Finance; and P. Alexander, clerk of the Illinois supreme court; and James R. McLaughlin, clerk of the appellate court.

Circuit Judges To Speed Traffic Appeal Cases

The circuit judges of Madison county will attempt to speed up appeal cases involving traffic violations by holding a special circuit clerk, said Portell. Drivers convicted of traffic violations that normally would result in revocation or suspension of driving privileges often appeal the convictions. In some cases, postponements permit the drivers to remain on the road for lengthy periods, operating motor vehicles pending disposition of their appeals.

Portell said he had discussed the matter with the judges, and the court will attempt to bring pending cases to speedy conclusions. He listed 13 appeal cases now pending, involving 10 persons. They ranged from driving on a restricted license, reckless driving and drag racing to drunken driving. The current appellants are not from the Quad-Cities. The county court also handles traffic appeals.

Wrong Lane Charge

Clyde R. Warford, 38, of 1706 Grand avenue was charged with driving in the wrong lane at 11:45 p.m. Saturday in the 1600 block of State street after his southbound car had sideswiped the left side of the northbound auto of Donald R. Miller, 732 North 20th street.

Radar speeding charges were filed by Granite City police at 3:45 p.m. Saturday against John A. 7638 Madison, Rural Route 42, and August E. Finkle, 2322 Lynch avenue. East posted his driver's license pending a hearing.

George William Pike sr., 78, died at St. Elizabeth's Hospital at 6 a.m. Saturday. He had been hospitalized for surgery 15 days before, and his family believes he suffered a heart attack while recovering. He made his home at 2148 Adams street.

Editorial Award Climaxes Weekly Editors' Meeting

Don Pease, co-editor of the Oberlin (Ohio) News-Tribune, has been named recipient of the 1962 Golden Quill award for outstanding editorial writing.

The award was presented by Pease by Weimar Jones, publisher of the Franklin Press, Franklin, N. C., and outgoing president of the International Conference of Weekly Newspaper Editors, during the conference's annual meeting at Pere Marquette State Park near Grafton, Ill., Thursday evening. The week-long meeting ended Friday.

Pease was cited for his editorial entitled, "We Used To Be Like The Szabo's." He praised a young Hungarian refugee couple—Karl and Theresa Szabo—who overcame tremendous odds to obtain an education so they could better themselves.

"Our forefathers were like the Szabo's," Pease wrote. "They came here as immigrants, facing innumerable difficulties. But they worked hard and took every available educational opportunity."

Pease pointed out the U. S. is still building "but much of the old spirit is gone . . . We are a nation of fat cats . . . We assume the right to the 'good life' whether we work for it or not."

Somewhere along the line we have lost the 'America' spirit," during the annual Sigma Delta Chi dinner Thursday for editors and publishers who attend the conference.

Mrs. Gordon Clementson, first woman president of the Guild of British Newspaper Editors, gave the annual Sigma Delta Chi lecture. She is editor-in-chief of the five newspapers in the Kent & Sussex Courier group in England.

Sessions of this year's conference at Grafton were attended by C. E. Townsend, Press-Record editor and publisher, and William F. Winter, Press-Record associate editor. Townsend is director of the ICWNE organization.

Rhythm Ensemble To Reverse Usual 'Good Will' Procedure

Probably one of the youngest groups ever to make a cultural tour will trip to a foreign country, Coolidge junior high school Latin American rhythm ensemble leaves Friday on a concert tour of Old Mexico, most of which will be spent in the city of Mexico.

The brainchild of the ensemble's originator and director, Robert D. Todoroff, the tour will reverse procedures usually followed by good will and cultural exchange groups.

Instead of taking along a variety of musical instruments, the ensemble will treat Mexican citizens to a variety of their own music—boleros, mambo, cha-cha-chas and sambas—not all new to Mexico but each typical of one or more of the countries south of the border.

And, on the chance that they will be asked to play some North American music, the ensemble has hurriedly whipped up a space some popular standards from this country, too.

The 19-day trip, fruit of over a year of effort, rehearsal and planning, will be an expensive one. In black and white, the cost of each concert the group will present in Mexico averages out at around \$250.

A hastily-organized but nevertheless successful fund drive raised \$200, the expected cost of the tour.

Parents of the ensemble members chipped in with \$100 each, and most of the remainder came from voluntary donations and a benefit concert by the ensemble, held from whose ranks the rhythm group members were selected.

Ensemble members have been physically and psychologically prepared for the tour. Impositions are complete, and the group has been advised repeatedly to be on their best behavior in Mexico City, some 7000 feet higher than the elevation of Granite City, and to show patience with the

somewhat more relaxed attitude of the Mexican people.

First Hand Information: These latter bits of information were not taken from a guide book. They were passed on to Todoroff and Eugene Alassi, director of art in the Granite City schools, who have spent several summers in Mexico. Alassi will serve as public relations go-between on the tour.

The tour schedule itself is a rather relaxed one, with only eight formal concerts in the two weeks actually to be spent in Mexico. The itinerary provides plenty of time for the youngsters to shop, rest, participate in guided tours, attend concerts and theaters and write cards and letters to family and friends.

The ensemble also will work, loading and unloading all of its instruments before and after concerts, and holding rehearsal and practice sessions whenever Todoroff deems them necessary.

Their most important task, second only to the smooth performance of Latin music before such varied audiences as employees of a hat factory and at the presidential palace, will be to present a picture of America and American youth—a picture which will help to cement good relations between the two countries. Relations have become slightly strained in recent years, but Mexicans gave President and Mrs. Kennedy a rousing welcome this summer.

"Live In Glass House": "You will literally live in a glass house," Todoroff has told ensemble members in a letter included with printed copies of the tour itinerary.

Yours actions, behavior, comments, responses and your whole way of life will be an open book to whoever this book is read. It will come a historical novel, filled with memorable deeds of lasting value to you and your country, or a paper-back of better-forgotten blunders and mistakes. Yours harmful than good and better forgotten than immortalized, depends on you . . . For this you have been selected, and this you can accomplish.

Schuler's Grand Slam Boosts Hearts Past Moose 7-3

First Loss On Field For Lodgement; McAteer's 5-Run Rally Downs Mercer

Manager Paul Schuler of Sacred Heart turned slugger here yesterday, blowing his first grand-slam home run in Inter-City baseball competition to lead the Hearts to a sweet 7-3 victory over Moose Lodge of East St. Louis.

Schuler teed off on a 2-0 pitch by Cliff Eklund in the fifth inning at Wilson Park and sent it sailing into trees bordering centerfield.

Scoring ahead of him were Larry Diak, who had singled, and Bob Price and Larry Burns, who had walked. It was Schuler's fourth homer of the season and gave the Hearts a 6-1 lead. Moose had taken a 3-0 lead in the third, but the Hearts made it 2-1 in the fourth when Jim Ratter tripled to deep left after Burns had singled, and Jim Falk followed with an ace.

The visitors cut the margin to 6-3 with runs in the sixth and seventh, one on Larry McCaskey's solo home off Dave Steplitis, but the Hearts capped the scoring with a one-run eighth on Bob Hoff's single, a hit batsman, Jim McKeehan's sacrifice and Mike Sues' infield out.

Steplitis snuffed out a rally in the seventh when, with one run home and the bases loaded, he fanned Eddie Blake. He had nine strikeouts and gave up six hits as he went the distance.

In Second Place It was Moose Lodge's first defeat on the field, this season. The club was forced to forfeit a game earlier due to use of an ineligible player, but had five wins each of 11 other starts. The Hearts moved up to second behind the Lodgement, a victory was coupled with Mary-

ville's 3-2 loss to Troy in an 11-inning game at Maryville.

Merced Funeral Home offered a golden opportunity to move closer to first in the Blue division when it dropped an 8-6 contest to division leader McAteer Glass in East St. Louis.

The Glasmen knocked out starter and Josee Jack Buehne with a three-run sixth, overcoming Mercer's 6-3 lead highlighted by Don Crabtree's base-loaded single in the fifth.

The league's "old man," Pitcher Tommy Galus, making his first appearance this season, held Mercer scoreless in the final three innings to preserve the victory for Don Crabtree, who was lifted for a pinchhitter in the sixth.

Charlie Papp relieved Buehne in the sixth, and in turn was relieved by co-manager Dick Portelli, who finished up, allowing only one hit in two innings.

Dave Carraighi and Ed Hopkins each had three hits for the Glasmen, who totaled 11. Crabtree, Charles Johannmeier, Bob Stegmeyer and Harold Tankley each hit safely twice for Mercer, which hit 14 games off.

Don Crabtree's sacrifice fly in the sixth, and in turn was relieved by co-manager Dick Portelli, who finished up, allowing only one hit in two innings.

Trouble-ridden Collinsville, which had lost nine straight, was forced to forfeit to Carpenter.

STRETCH-AND-STRAIN FORM which was the junior division of the boys' broad jump here Saturday morning for Lewis Mallett of East St. Louis, one of youngsters from 21 communities who participated in Jaycees' Junior Sports Jambores track and field events at Granite City high school athletic field.

Tom Garvey drove in three runs with a triple and two singles for Sager in the first game.

Doug Anderson tossed a six-hitter at the Credit Union, which staged a rally which fell one run short of a tie in the seventh.

John Draper had three hits for the losers, and Lynn Cook drove in three runs with two safes for the GC team. Jack James, who gave up nine hits, was the loser.

The Credit Union jumped on Sager starter Rusty Christianson for three runs in the first inning of the second game, and never trailed. Paul Hopper tossed a seven-hitter and went the distance for the pitching victory.

The events were sanctioned by the AAU's Ozark division.

Park Divides Doubleheaders With Perfect Window, Casey Softballers

Dividing doubleheaders is becoming a habit with the Granite City park district's Class AA softball club.

The locals split twinnings on the road, edging Perfect Windows 4-3 Saturday night at Decatur and bowing 3-2 in the nightcap. The clubs have met eight times this season and all eight contests have been decided by a single run.

The Park club edged Casey 4-3 in a Sunday evening doubleheader in Casey and then lost 4-3 Saturday night at Decatur.

Champion in Illinois ASA regional playoffs next month. Howie Lamb picked up the Park's first weekend victory in relief of Carroll Gisson after Perfect Windows had scored twice on the only two hits allowed by Gisson.

Win In Seventh The park club tied the game in the fifth when Art Borchers singled in two runs. Jerry Parnell pinch-hit on the infield with bases loaded tied the score at 3-3 in the sixth, and the winning run came across in the seventh on Borchers' single, a sacrifice by Norm Jenkins and Jim Bain's fly ball. John Sweigart was the loser in relief.

Burly Borchers' triple to center in the fifth inning of the second game gave the winning run in the ninth. Perfect Windows had taken a 3-0 lead in the first, but Conrad Champion's homer tied the game in the second.

A fine catch of Bain's long drive in the third prevented the park from scoring. Ray Huff, who allowed only five hits, was the loser. Winslow Bogan was touched for six hits.

Huff picked up a victory in the first game at Casey, relieving Howie Lamb after six innings. Bogan had given just one hit, but "base-loaded" error in the outfield had put him in the lead in the first inning. Art Burris' 3rd inning single was the only play allowed by Grote.

Interster Homers Granite City broke the scoring on Jake Hinters' solo home in the fifth, and Hintersier is.

In addition to Page's three round-trippers, Borchers, Parnell, Lindell Martin, Frank Eaves and Ed Livesey hit homers in the game.

Borchers' triple in the fifth straight win. Bob Page had a pair of four-baggers.

Eaves' home winning pitcher, the first and sixth, and outbatted Madison batted out 25 hits, including 16 which went for extra bases.

Ken Carr, batted 12 men in the fifth inning and scored three runs in the third frame. Community Heights scored its victory largely on the strength of two two-run innings, the first and sixth, and outbatted Madison batted out 25 hits, including 16 which went for extra bases.

23 GC Youngsters Qualify For State Finals At Junior Sports Jamboree Sectional

Twenty-three Granite City youngsters, 21 of them competing in swimming events, qualified for the state finals of the Jaycees' Junior Sports Jamboree next month by taking first place in a sectional swimming and track and field meet staged at the Granite City Engineer Depot and the Granite City high school athletic field Saturday.

A total of 70 youngsters qualified to make the trip to the jamboree finals at Sterling on Aug. 24 and 25 by placing first in one of three age divisions for boys and girls ages 10 through 15.

Slit Swim Competition Granite City youths, representing the YMCA and Paddlers swim teams, scored the events at the Engineer Depot, largely due to lack of competition.

"Some 15 communities had planned to send contestants, but all but three withdrew their entrants when notified by the Amateur Athletic Union that competition in the jamboree events would disqualify them from further AAU competition this year."

Granite City's only opponents in swimming events consisted of token representation from Elton and Olney.

However, approximately 400 contestants competed in the overall program, and about that many spectators were on hand for the track and field events at GCHS.

Bus Co. To Lease Property It Has Been Renting

(Special From Springfield)

The Community Coach Co., Granite City, has been authorized by the Illinois Commerce Commission to enter into a ten-year lease with the Madison Avenue Real Estate Co., Inc., also of Granite City, for rental of property for storage and servicing of its buses.

The state agency authorized payment for use of a monthly rental of \$750.

The property Community Coach will rent is centrally located in the Quad-Cities and will provide maximum convenience as well as adequate facilities for storing and servicing buses and for affording a place for an office, it was noted.

"The utility said that no other such facilities so situated are available. It has been renting the same facilities, located in the 1600 block between Grand and Madison avenues.

\$125,000 Value

Evidence offered at proceedings before the commission placed the value of the property so leased at \$125,000.

Other evidence was that George W. Stearns, president of Community Coach, is also president of the real estate company, and that there are several overlapping shareholders in the two corporations, but that no one person owns a majority of the stock in either company.

The commission order said the evidence showed that procurement of the property involved, originally owned by the Illinois Terminal Railroad Co., "is necessary to the operations of Community Coach, that the location of the facilities will be beneficial to Community (and) that the terms and conditions of the lease will further the public convenience."

The property involved has been occupied by Community Coach on a temporary basis at a rental of \$1000 a month.

The lease approved by the commission, however, allows the \$750 monthly rental but with the proviso Community pay all taxes, estimated at \$1000 annually, and with it being responsible for maintenance of the property.

The ICC estimated that Community's rental payments, the taxes it must pay and cost of maintenance of the property will total approximately \$11,000 annually.

Harris-Flaxbeard Nuptials Held At Niedringhaus

Rev. E. V. Campbell officiated at the informal ceremony on Friday evening at the Niedringhaus Memorial Methodist Church which united in marriage Miss Lorraine Flaxbeard, a daughter of Mr. and Mrs. Homer Flaxbeard, 2833 Grand avenue, and Bobby Gene Harris, son of Mr. and Mrs. Roe Harris, 2708 Myrtle avenue.

All arrangements were simple, and the only attendants were Mrs. Carol Kuntz of West Hurley, N. Y., a sister of the bride, and V. R. Harris, the bridegroom's brother.

The former Miss Flaxbeard wore a dress of white chiffon and lace. The bride, embroidered with sequins and pearls, had a low round neckline and wrist-length sleeves.

A veil of bridal illusion was held in place with rose petal lace edged with seed pearls, and white roses and pink sweetheart roses were combined in the bridal bouquet. The bride was given in marriage by her father.

Mrs. Kuntz was attired in pink chiffon over taffeta. The dress, ballerina-length, as was the bride's, was designed with a scoop neckline. The bodice was trimmed with pink roses and iridescent sequins. Complementing the costume was a corsage of pink and white roses.

Immediately following the 8 o'clock church service, Mr. and Mrs. Flaxbeard held a reception in their home for the immediate families. Summer flowers and pink and white wedding bells decorated the rooms, and a bridal arrangement was used on the mantelpiece.

Both young people are graduates of Granite City high school and Mr. Harris is employed as a tool and die maker in St. Louis. The newly wedded pair will reside in Granite City when they return from a honeymoon trip to Michigan.

Miss Barbara Ryan, Robert Harris Are Wed At Church
Baskets of white gladioli, poms and greenery decorated St. Elizabeth Catholic Church Sunday morning for the wedding of Miss Barbara Ellen Ryan, daughter of Mr. and Mrs. John M. Ryan, 1508 Garfield avenue, and Robert L. Harris, whose parents are Mr. and Mrs. Paul L. Harris, 2431 Washington avenue.

Rev. John Franklin officiated at the 11 o'clock service, which was preceded by a program of wedding music by Miss June Nightwine, soloist, accompanied at the organ by Mrs. Cleta Judd.

Mr. Ryan gave his daughter in marriage. She wore a gown of silk peau de sole fashioned with a bell-shaped skirt with extreme fullness in the back where two roses of the fabric held the train. The fitted bodice, designed with a low round neckline, had brief cap sleeves.

A single rose of silk organza held the bride's veil of silk illusion, and she carried a crescent bouquet of white quill mums.

Miss Mary Ann Ryan was her sister, maid of honor, serving to two bridesmaids, Miss Ned Ingram and Mrs. Gary Johnston. The honor attendant was in gold silk organza over taffeta, styled like the bride's gown. Her shoes matched the gown, and her flowers were white and yellow daisies tied with yellow ribbon.

The bridesmaids were similarly attired in yellow gowns and matching shoes. They held bouquets of white daisies.

A flower girl, Randee Sue Harper, the bridegroom's niece, dressed like the older girls, carried yellow and blue daisies in a plateau basket.

MR. AND MRS. VINCENT L. BOYER, who were married Saturday morning at Sacred Heart Roman Catholic Church. A daughter of Mr. and Mrs. Thomas N. Fea of Rural Route One, the bride is the former Carole Ann Fea.

Miss Carole Fea, Vincent L. Boyer Exchange Vows

Miss Carole Sue Fea, a daughter of Mr. and Mrs. Thomas N. Fea, Rural Route One, became the bride of Vincent Leonard Boyer, son of Mr. and Mrs. Earl Boyer, 1536 Johnson road, Saturday morning at Sacred Heart Roman Catholic Church.

Rev. John Barrett heard the vows of the couple in a double ring ceremony taking place at 11 o'clock.

White gladioli and pom poms decorated the sanctuary and Mrs. George Crawshaw presided at the organ, accompanying the soloist, Francis Judd, as he sang "Ave Maria," "On This Day," "O Lord I Am Not Worthy" and "Mother At Thy Feet We're Kneeling."

The bride was given in marriage by her father, who wore a gown of gardenia white satin with a scoop neckline outlined with seed pearls. The dropped waistline coming to a point in the back was fastened with small covered buttons, and the aislewide bouffant gathered over skirt of silk organza was extended with layers of crinoline. The organza was gathered and tacked to form a large puff, terminating in a large flat bow at the top of the flowing chapel train.

A coronet of rose buds and sequins held in place a fingertip veil of pure silk illusion. The bridal bouquet was a crescent arrangement of gardenias, lilies

of the valley and stephanotis combined with variegated ivy. Miss Joyce Ann Fea, her sister's only attendant, was in a pastel blue satin street-length dress. Styled with a fitted bodice and a scoop neckline, it was worn with a short jacket into which were set long tapering sleeves. The gathered overskirt of nylon tulle was held wide with crinoline, and a cummerbund of blue outlined the waist.

A circular nose veil was attached to a blue flowered motif pillow hat and she held a crescent arrangement of blue pointed daisies surrounded with white carnations and ivy.

Charles Bernick was best man for Mr. Boyer and John Juhász served as usher.

Mrs. Fea, the bride's mother, wore a beige brocade sheath with a short jacket of the same fabric, a pink feathered hat and veil and pink and beige accessories. Her flowers were pastel pink carnations. The bridegroom's mother selected a dress of beige brocade with a full skirt, a green hat, beige and green accessories and a corsage of green tipped carnations.

A wedding breakfast for the bride party, the families and other relatives was held at the Rose Bowl directly after the ceremony and the newlyweds left later for a honeymoon in the Missouri Ozarks.

Both young people are graduates of Granite City high school and the bridegroom is employed by the O. Smith Corp. His bride is an employee of the State Loan and Savings Association.

Among the out-of-town guests attending the wedding were Mr. and Mrs. Orville Thornton of Alton, Mr. and Mrs. John Fea of St. Louis county, Mr. and Mrs. Donald Boyer of Cahokia, Ill., Mr. and Mrs. Hubert Boyer of O'Fallon, Ill., Mr. and Mrs. Fred Nelson of Rock Hill, Ill., and Mrs. Mabel Henry of Bridgeton, Mo.

MR. AND MRS. DANNY R. HUTCHISON. Their wedding was an event of Saturday evening at Central Christian Church, 2020 Johnson road. The bride is the former Bonnie Carline Butler, a daughter of Mr. and Mrs. William C. Butler, 2255 Monroe street.

Hutchison-Butler Wedding Held At Central Christian

Central Christian Church, 2020 Johnson road, was the scene of the wedding Saturday evening of Miss Bonnie Carline Butler and Danny Rayon Hutchison. Rev. James R. Craddock performed the double ring ceremony at 7 o'clock.

The bride is a daughter of Mr. and Mrs. William C. Butler, 2255 Monroe street. Mr. Hutchison's parents are Mr. and Mrs. Theron Hutchison, 2101 Dewey avenue.

Baskets of summer flowers were used on the altar, and the bride was escorted down the white-carpeted aisle by her father.

Her gown of bouquet taffeta reached the floor. It was designed with a square neck, and fastened down the back with small self-covered buttons. The molded bodice, pointed in the front, had long wrist-pointed sleeves of Chantilly lace and a modified apron of lace scalloped in the front. A pleated cummerbund of taffeta was caught at the back to reveal two large rosettes of self material gathered to form a bouffant flowing chapel train.

A single-layer English silk illusion veil, ballerina-length, was secured to a tier of lace outlined with pearlized sequins. A tear-drop cascade bouquet of white carnations, stephanotis and ivy, centered with a removable white carnation corsage, was carried by the bride.

Miss Janet Moore, organist, accompanied Mrs. Joe Billrey, vocalist, as she sang "The Great-est of These is Love," "At Dawn-ing," "I Love Thee" and the Lord's Prayer.

Miss Carolyn Butler, a sister of the bride, was maid of honor, and there were two bridesmaids, Miss Elma Roberts, Miss Sharon Little, Cathy Butler, the bride's younger sister, was flower girl.

The honor attendant was in a short dress of mint green ruche lace over taffeta. The scoop neck dipped to a low V in the back, and the sleeves were short. A pleated cummerbund of taffeta terminated in a large flat bow, with tiered panels forming the gathered skirt.

A large cabbage rosette of green taffeta secured a cir-

cular nose veil, and her bouquet was composed of green tinted carnations surrounded with white carnations and stephanotis, tied with white and green ribbons.

The bridesmaids were similarly attired in maize and their flowers were crescents of yellow and white carnations and stephanotis.

The little flower girl was in a short white silk organza frock with a short jacket and a cummerbund. A double band of white roses was worn in her hair and she carried red rose petals in a white basket.

For her daughter's wedding, Mrs. Butler chose a pink lace sheath, white accessories and a white carnation corsage, while the bridegroom's mother wore a beige lace, beige accessories and beige lined carnations.

Dennis Gordon was best man for Mr. Hutchison. A brother, Larry Hutchison, James Tow-son, his cousin, and Claude R. Diller and Max P. Clindorf, his uncles, served as groomsmen and ushers.

The wedding reception was held at the church directly after the ceremony, and the bride and groom left afterward for a trip to the Smoky Mountains.

They will live in South Carolina where the bridegroom, who is in the U. S. Naval service, is based. A graduate of Granite City high school in June 1959, he is serving aboard the U. S. S. Gyatt, a guided missile destroyer for which the home port is Charleston.

The bride, a former employee of the Mercantile Trust Co., St. Louis, graduated from Granite City high school in June 1961.

The rehearsal dinner was given Friday evening by the bridegroom's parents at their home.

Miss Delores Jean Bero Bride Of Louis Scaturro

Rev. Francis L. Auer presided at the ceremony in the presence of relatives and friends of the couple. The altar was banked with white carnations, pom poms and greenery.

Given in marriage by her father, the bride wore a gown of silk organza over taffeta styled on princess lines with a flat bow under the rhodios. The scoop neckline formed of rose-patterned Venice lace had brief sleeves, and long formal gloves were worn. Matching lace was inserted at the hip line of the full skirt, which ended in a train.

An illusion veil was held to the bride's hair with a lace tussle, carried the rings on a white and gold ring bearer. The former was dressed like the bride and held a colonial bouquet of white flowers. The ring bearer, in a white tuxedo, carried the rings on a white and gold ring bearer.

Otto Nuspi was best man and Jerry Gleason, the bridegroom's cousin, Tony Bellue, brother-in-law of the groom, and Jess H. Tawney.

Music for the ceremony was furnished by Miss Diana Beel, vocalist.

Mrs. Otto Nuspi, a sister of the bride, was matron of honor and Miss Marcelle Bero, another sister of the bride, Miss Loma Jensen and Miss Nancy Scaturro, the bridegroom's sister, were bridesmaids. They were dressed alike, except for the color of their gowns, which were of embroidered silk organza over tulle with scoop necklines and cap sleeves, the waists accented with drapes and the street-length skirts quite full.

The bride's mother was in white with apricot shoes and a hat to match the evening dress. The bridesmaids wore accents of blue and matching blue accessories. They carried white lace and net parasols with white handkerchiefs and white carnations tied with apricot and blue.

Debbie Nuspi and her brother, Gregory, niece and nephew of the bride, served as flower girl and ring bearer.

Old Case Docket Call Set By Circuit Court

A docket call on all old circuit court jury cases up to 1961 to determine their current status will be held June 30, William Portell, circuit clerk, has announced.

In a letter to area attorneys, Portell said the cases will have preference on the September jury setting. In cases where attorneys do not appear, he said, the judge may dismiss the case for want of prosecution or enter a default judgment.

Portell asked for an examination of cases so that any information which might be available as to their status might be presented at the meeting. The list includes 150 old cases on which information is sought.

Problems Of Young Solved By Co-Ordinated Youth Agcy.

If less than two in 100 local students could be classed as juvenile delinquents in 1961, a good share of the credit must go to Co-ordinated Youth Services.

Counseling by caseworkers of the United Fund-supported agency has helped keep the figure below state-wide figures of eight delinquents in 100 and below 1957 figures showing three delinquents per 100.

Local figures were supplied by Mrs. Marian Kirby, based on 80 law violations by boys under 17 and girls under 18 in a 5175 school population.

Increased public recognition of the work the agency performs has helped the agency to keep

ASSISTING YOUTH and children with problems is the work of Co-ordinated Youth Services staff workers. They are (left to right) a caseworker, Mrs. Alice Bass; the director and caseworker, Mrs. Marian Kirby; and secretary, Mrs. Lillian Douglas.

the delinquency rate so low, she says.

Changing Situation
"Parents seem to be more aware of the agency and to seek help earlier," she notes. "When I first came here we encountered many cases of 15 or 16-year-olds where there was nothing to do except place them in training school. Now we are working with many more in their own homes."

"Some clients refer others," she says. "Some teens come in themselves." The United Fund agency counsels children and youths who, because of conflict with the law or with social standards, develop problems in conduct.

In some cases, they are referred to other social services, such as the Madison County Mental Health Society; in others, they may be removed temporarily from their homes if other methods fail.

Organized 18 Years Ago
The agency, organized in 1944, was envisioned as a referral center. Children were to be referred to agencies such as the YMCA or Boy Scouts. Today, this is done but counseling is the chief task.

Staffing the Co-ordinated Youth Services office are the director, Mrs. Marian Kirby, a caseworker for 25 years; Mrs. Alice Bass, who has been at the agency for eight years; and Mrs. Lillian Douglas, the agency secretary for three years.

Despite a caseload jump from 380 in 1960 to 544 last year, the staff is no larger than the one handling 170 cases in 1951. More office hours at night, less face-to-face contact with school counselors and fewer home visits are the result.

Growth Problems
Addition of a third caseworker would mean the agency would need larger offices than the ones the city provides at no charge to the agency, as well as an involving additional salary.

General behavior problems, including anti-social behavior stopping short of actual delinquent acts that would take the child into court, are the largest category handled. "Incidental services" to another large group include groundwork in referral

cases and out-of-state cases. Smaller categories include family services, emphasizing counseling with a family as a whole rather than with one individual, truancy, theft, car theft, shoplifting and vandalism.

Increasing recognition of the agency's potentialities and services led to 544 referrals in 1961. The greatest number came to the agency through law enforcement officials. Schools and parents also seek help. Encouraging to the agency were 50 persons who sought help themselves.

Other referrals come from neighbors, other citizens, other persons the agency has helped and relatives.

Counseling Procedure
Counseling begins with interviews with the child and with his parents. After this, he reports weekly, on a voluntary basis. The process may last from six weeks to eighteen months or more.

In cases where the agency feels it necessary, the individual may be referred to other agencies or given temporary placement in a home.

Most of the Co-ordinated Youth Services budget is provided by United Fund contributions. For 1963, the UF has tentatively allotted the agency \$17,796.

Governmental assistance for dependent children swells the budget several thousand dollars, but this income is used directly for those individuals and has no effect on the agency's local work.

Local Bar Group Opposed To Nov. 6 Judicial Amendment

The Tri-City Bar Association voted unanimously Thursday in opposition to the proposed judicial amendment to be submitted to Illinois voters in the Nov. 6 general election on a "blue ballot."

George J. Moran, president of the local association, appointed a committee composed of Morris B. Chapman, John G. Dufner and Horace L. Calvo to study the position of Owen Rail, state Bar Association president, on the amendment and to report its findings.

The report of the three-member committee follows:

Owen Rail, Illinois State Bar president, has cited the following points as reasons why the "blue ballot" judicial amendment should be adopted:

1. "The tenure provision will give elected judges more independence from partisan politics."

However, a committee of the Illinois General Assembly composed of ten outstanding representatives and senators who gave this matter a thorough and detailed study has reported:

Political Issue

"Furthermore, elections of judges would be changed from special judicial elections to general elections, when they would be completely overshadowed by national and state political races."

"This proposal, rather than removing the judges from politics, would put them even more deeply into partisan and patronage politics. They will have the power to appoint magistrates without limitation of number to serve solely at their pleasure."

"When the circuit courts assume the administrative functions of county courts, their political patronage likewise will be increased. Their records will be reviewed only in elections dominated by partisan politics."

2. Rail says, "Unification of courts is necessary to remove confusion in Cook county."

The legislative committee reports:

"The proposed amendment does nothing that will eliminate the backlog of cases in Cook county, the only area in the state in which the backlog problem exists."

Extra Administrative Work

"First, it eliminates masters-in-chancery who are paid by those using them. Second, the proposal also increases administrative duties of the judges which will take much time away from hearing cases."

"The combination of these two factors will further increase the backlog of cases in Cook county and may well create a backlog in other areas of the state."

"The proposal would substitute so-called associate judges for all local courts. These would be only part-time local judges, since they will be moved away from their local courts to other places all over the state. Thus, the small counties will lose their present full-time judges."

3. Rail says, "Elimination of population inequalities is essential to a judicial department which is to have as much independent power as the judicial article gives to the judicial branch of the government."

Granite City PRESS-RECORD Page 10 Mon., July 23, 1962

The committee reports:

Cook County Denial

"The proposed amendment gives Cook county domination of the court system throughout the state. It adopts the same court system for the metropolitan area as for the extensive rural areas. One hundred and one counties will elect four supreme court judges, while Cook county alone elects three. These 101 counties will lose two of their present supreme court judges."

"Outside of Cook county, the districts will be tripled in size, requiring more extensive campaigning and greater campaign expenditures in the first instance, so that men of moderate means — irrespective of their qualifications — would find it impossible to campaign without partisan support, or obligating themselves for financial support."

"The method of selection of judges would be changed by a majority of the state-wide popular vote. This proposed amendment would result in the counties outside Cook county being saddled with a means of selection of judges totally unacceptable to the people of that area, by Cook county votes."

In addition, the committee reports:

See Higher Taxes

"The proposed amendment provides that all salaries and expenses of our courts shall be paid by the taxpayers of the state. This will result in greatly increased costs, estimated at more than \$25,000,000 a year for Illinois taxpayers. By contrast, at present, a large part of the expense of our courts is paid by those using the courts instead of by the taxpayer."

"The adoption of this proposed amendment will destroy the poor man's right of appeal. The legislature would have no authority to provide a means of appeal. The only appeal under the proposal would be to the appellate court, even from the decision of a magistrate."

"If the lawsuit involved a small amount, the next court of appeal of the loser is the state supreme court. The cost of transcript, record, printing of briefs and attorney's fees would be prohibitive, so that substantial justice will be denied. This contrasts with the relatively easy, quick and inexpensive procedure now in effect for appeals of small cases to the county or circuit court."

"In summary, the proposed amendment to the judicial article would make radical changes in our judicial system, based on theory, not on experience. There is no evidence that the new system would clear up the backlog of cases in Cook county."

Fee System Already Ended

"It provides for so-called elections which are really not elections as the people now under-

Crash Between Car-And Boat

A boat and an auto collided shortly before 3 p.m. Friday at McCambridge avenue and 7th street. Both units in the unusual crash were damaged.

Robert L. Thomas, East St. Louis, was driving north on McCambridge, pulling a trailer behind him. The trailer, which was attached to a 50-horsepower outboard motor, he slowed to make a left turn.

He was struck by the hood of the northbound auto of Erby V. Wood, 520 McCambridge.

Thomas said the outboard's rudder was broken, the frog of the boat was dented and the trailer hitch was damaged.

place, who was driving east on 23rd street. Judy McCracken, 2234 Alexander street, was driving north on Alexander and said the brakes of her car failed, causing the left front of the vehicle to move into the path of the other auto. Damaged about the front, Konzen's car was towed away from the scene.

Larry R. Lukens, 16, of 615 (rear) Jefferson avenue, Venice, was thrown off his motorcycle and suffered minor injuries when he was involved in a collision with a car on Saturday afternoon Friday at 13th street and Madison avenue, Madison.

The clutch of his southbound motorcycle was damaged when the vehicle struck the rear of the southbound auto of Tony Jack-

son. The car, a 1958 Ford, was driven by Mrs. Nathan Keel, 2401 Dewey avenue.

Larry was treated at 9:50 a.m. Sunday at St. Elizabeth Hospital for lacerations and abrasions to his right heel and released. Keel was a passenger in an auto which apparently swerved to avoid hitting a barricade while returning from Alton about 1 a.m. He fell from the car. Keel is a son of Mr. and Mrs. Nathan Keel, 2401 Dewey avenue.

Two Post Bonds On Traffic Charges

A Granite City youth pleaded guilty to one charge but not guilty to three others arising out of an accident at 11:35 p.m. Friday at 3000 block of Circle drive. Police said he hit a garage and failed to stop. Robert Bloodworth, 21, of 2545 North drive, was charged with failing to have a driver's license, failing to stop at the scene of the accident, reckless driving and destruction of property.

On Saturday he pleaded guilty to having no driver's license and Police Magistrate Gasparovic took the case under advisement. He pleaded not guilty to the other charges and was released on \$750 property bond.

The owner of the auto, Robert Willett, 19, of the 2000 block of Iowa avenue, was charged with permitting an unauthorized person to drive. He was released on \$500 property bond until July 31.

Port Asks Time To Study Bi-State Plan

The Tri-City Regional Port District on Friday asked for 30 days in which to study the Bi-State Development Agency's plan to alter and expand its facilities at the Port of Granite City. In a letter to Thomas B. Carey of the Illinois Division of Waterways, Chairman Carl A. Rufft related that the district had received a copy of the Bi-State Agency's application for a modification of its Sept. 17, 1952, permit to operate at the harbor.

Ranft noted that Section 27 of the Port District act, adopted by the state in April 1959, requires Port District action on the request. He suggested a 30-day delay in state action on the request to enable the Port District and its engineers to study the economic effect on the district and its projected future plans.

Ranft described the 30-day period as "necessary" for a thorough study to be completed and provide sufficient material and information to allow the Port District to arrive at a "proper stand." Ranft made a similar request in a letter the same day to Col. Alfred J. D'Arzo, St. Louis district engineer, requesting a 30-day delay in government consideration of the Bi-State Agency's request.

The two agencies have worked in close cooperation, and both have the goal of expansion of shipping, processing, and manufacturing to further the economic growth of the metropolitan area.

The Port District currently is completing plans for a railroad spur which would connect its harbor with existing tracks in the area. It is expected that 20

railroad cars would be loaded daily, with switching conducted for ten minutes each morning and ten minutes each afternoon.

The plan to connect onto existing tracks would avoid duplication of costs for the two agencies.

Others fined were Clem Wiesdower, 1038 Third street, \$10 and costs for peace disturbance July 11; Percy Hankins, 427 Weaver street, \$5 and costs for peace disturbance July 11.

Arrested July 14 on complaint of Assistant State's Attorney Richard Allen on a warrant issued by Madison Police Magistrate John Bridick, he appeared before Bridick Saturday. Johnson, 40, of 1227 Calhoun street, is married and the father of eight children. The child allegedly involved is a 13-year-old girl.

City Sales Taxes Setting Record Pace This Year

Municipal sales taxes totaled
\$22,202 on April sales, latest
tabulations of the Illinois De-
partment of Revenue showed
today.

The Quad-City figure consists
of \$17,853 for Granite City,
\$3,448 for Madison and \$800 for
Venice. These amounts are being
forwarded to the city treasuries
from Springfield, where the col-
lections initially were assembled.

The half-cent-a-dollar tax has
netted \$30,424 for the first third
of the year, including \$24,103 in
January, \$2,545 in February and
\$2,573 in March. Previous Jan-
uary-April Quad-City high was
\$82,788 in 1960.

The \$20,424 includes \$72,935
for Granite City, \$13,785 for
Madison and \$3703 for Venice.

April revenue for \$22,202 com-
pares with \$19,723 in April 1961,
\$22,040 in April 1960, \$22,439 in
April 1959, \$17,995 in April 1958,
\$19,096 in April 1957 and \$15,999
in April 1956.

The tax figures are a combina-
tion of the Municipal Retailers
Occupation tax and Municipal
Service Occupation tax. Net fig-
ures represent gross income less
4% administrative expenses.

man of the Missouri Highway
Commission, was appointed Fri-
day by Gov. John M. Dalton as

Construction Worker's Death Ruled Accident

A coroner's inquest Thursday
night resulted in a verdict of ac-
cidental death in the case of
Charles A. Bricker, Granite City
construction worker, who died
July 10 after being run over by a
heavy bulldozer.

The inquest concluded that Bricker
died of internal injuries re-
ceived when run over by a trac-
tor operated by Charles C. Cross,
while working on a construction
project on Interstate Highway
270 about 1200 feet west of
Route 111.

Among those testifying were
Cross, William Stein of Granite
City, a laborer on the construc-
tion project, and Charles L. Hut-
kel of Belleville, another tractor
driver.

Cross, who lives at 2853 Circle
drive, said he could not be sure
if his tractor which ran over
Bricker. He said his machine
was some distance away when he
heard of the accident. Bricker
told others at the scene he did
not feel seriously hurt; he died
three hours later at St. Elizabeth
Hospital.

The inquest was conducted by
Deputy Coroner Henry Pieper.

Hollis Lumber Company Opens Hardware Store

Hollis Lumber Co., 3030 Mad-
ison avenue, has opened its new
4000-square foot hardware store.
The addition has been under con-
struction since early April.

The company formerly had
1500 square feet of office and
store space. What was a com-
pact display area for hard-
ware has been expanded into a complete house-
hold and builders' hardware dis-
play.

In addition to the hardware
store, two new storage sheds for
lumber have been added. Leased
storage space for lumber at the
railroad siding on 25th street has
been done away with as a re-
sult of construction of the new
facilities.

The business was founded 15
years ago on the same location
by William R. Hollis and his son,
Glen. Two years ago, Glen Hol-
lis purchased his father's inter-
est and now is owner of the
business.

Besides expanding into a full
hardware store, Hollis has con-
solidated his operations and put
everything under cover.
The new building is completely
modern. It is of brick veneer
with an all-glass front. The vari-
ous departments have been ex-
panded to include complete
lines of goods. The store now
carries a full line of gardening
tools and accessories, house-
hold, hand tools and some
sporting goods.

The store is air-conditioned,
and modern display methods are
employed throughout.
While the expansion was un-
derway, the business continued
to operate under cramped con-
ditions.

Wills and Estates Are Explained To Optimists
The procedures for making a will and the disposal of an estate under the law in case no will is made, were discussed by Randall Robertson, legal attorney, who spoke before a meeting of the Daybreak Optimist club Saturday morning at the YMCA.
Robertson explained inheritance taxes, both state and federal, and procedures followed by the administrator of an estate. He told the Optimists that in case a deceased person leaves no will, his immediate family and next-of-kin, his estate reverts to the state.
President Robert Moske presided at the meeting, last to be held in July. Next regular meeting of the Daybreak club will be held Aug. 4.

Judge Nominee Withdraws; 2nd Ballot Vacancy

A second vacancy on the Republican ballot in November developed late Thursday afternoon with filing of a withdrawal affidavit by Harry W. Patton, Alton, April, withdrew in winner for the probate judge nomination.
Last month, E. L. Alexander, Edwardsville, withdrew as the GOP candidate for county superintendent of schools. Replacement are expected to be named by county Republican leaders.

In a letter Thursday to Miss Eulalia Holt, county clerk, Patton said he had agreed to submit his name due to "a sense of loyalty to my party" but with the understanding that he would have the privilege of withdrawing later if he saw fit. He thanked the 123 who voted for him and said he was withdrawing now to allow enough time for selection of another candidate.

Patton would have opposed Austin Lewis for probate judge and Alexander would have written in winner for the vacant County School Supt. Wilbur R. L. Trimpe. There were written-in winners for the county office of sheriff, which attracted two primary ballot candidates.

Attempt To Aid Friend Ends in Being Beaten
The role of a "good Samaritan" proved painful at 2:15 a.m. Sunday for Jerry Powell, 18, of the 2000 block of Collinsville avenue, East Madison, who was treated at St. Elizabeth Hospital for assault to the lip and an abrasion to the right knee.
Driving east on Third street, Powell had seen an auto broken down at Third and McCarroll avenue. An occupant appeared to be in trouble and he stopped to offer assistance.
At this point, one of the passengers "jumped on me, hitting me in the face and mouth," Powell was unable to determine how many struck him, who they were or why they did it.

Railroad Car Burns; Fire Damages Truck
Railroad detectives are investigating a fire which virtually destroyed a freight car on a siding near 25th street Saturday night. Firemen were dispatched to the scene at 10:30 and remained there an hour. The box car was disconnected from others to limit the blaze.
The car was not fully loaded, but its contents were destroyed. An estimate of the loss has not yet been made. Children were seen playing in the car in the evening.
At 11:35 p.m. Saturday, the department went to 2034 Omaha street, where a 1948 truck owned by John Welch sr. sustained \$25 fire loss. Trash burning near the vehicle was blamed.
